

Side Letter of Agreement 2021-22.11

Cabrillo Community College District (District) and the Cabrillo College Federation of Teachers (CCFT)

The Sports Medicine Certificate is a specialty program that requires a specific healthcare professional and related coursework. Only a Certified Athletic Trainer meets the minimum qualifications required for these courses. The two Manager, Athletic Trainer (MAT) positions are required to be Certified Athletic Trainers. These positions work as manager athletic trainers for the District athletic teams and programs, and they provide instruction and clinical oversight/experience for students seeking the Sports Medicine Certificate. Therefore, the District and CCFT hereby agree to the following:

The two MAT positions will be permitted to provide instruction for courses within the Kinesiology Department that are part of the Sports Medicine Certificate program. These classes include: KIN 10A (Athletic Injury Prevention), KIN 10B (Treatment and Rehabilitation of Athletic Injuries), KIN 10AL, BL, CL and DL (Clinical Experience in Sports Medicine), and KIN 13 (First Aid and CPR).

The MAT incumbent(s) will not be part of the CCFT bargaining unit and will not be compensated separately for providing instruction for the above-referenced Kin courses.

Justification:

- The information taught in the lecture courses directly transfers over to the clinical experience courses;
- Clinical experience course curriculum requires students to work under the direct supervision of a Certified Athletic Trainer;
- Course Objectives and CSLO's for KIN 10A and KIN 10B cannot be met under the instruction of an instructor that is not certified in Athletic Training; and
- As healthcare providers, Certified Athletic Trainers have Basic Life Support/CPR and First Aid certification that provides them the expertise to teach KIN 13.
